

S-Tap Short Tapping Machine

The New Technology

Complete Tapping Service has long recognised the need for a Short Drill and new technology to improve on the Tapping Under Pressure methodology that has been used since 1995. Having completed over 40,000 tappings around Australia since 1995 we have become the premier Tapping Under Pressure business in Australia.

This experience, together with our interaction with our customers during this time has shown that the need for such a drilling machine is long overdue.

Features of the S- Tap Short Drill:

- Made from 316SS and high strength aluminium. The weight of the machine has been reduced by over 50%
- Ensures that the user does not have to lift heavy drilling equipment into and out of the excavation.
- Ensures that all OH & S regulations are complied with on-site.
- The length has been reduced from 800mm to 500mm. (38%)
- Fast feed mechanism means that the cutter is at the face of the pipe in 10% of the time of current Tapping Under Pressure machines.
- Quick hitch adaptor for coupling and uncoupling the S - Tap to the valve.
- Pressure rated to 2500 kPa.

Benefits of using the S-Tap Short Drill: Using Complete Tapping Services S-Tap Drill Means:

- Your excavation size is smaller therefore reducing excavation, backfilling and Road Opening costs.
- Jobs that could not be done previously because of other services too close to the main being tapped can now be completed.
- Greatly reduce the need for "reverse taps".
- Connections can be carried out during normal working hours - no overtime costs.
- No consequential damage.
- No loss of water or wastage of water.

Remember Complete Tapping Service for Quality, Courtesy & Service:

- We provide a 24 hour under pressure tapping service.
- We are certified to AS/NZS ISO 9001 accredited Quality Management Systems.
- All works carried out in accordance with WSAA (Water Service Association of Australia) Under Pressure Cut-In Connection to Pressure Pipe - Supplement to the Water Supply Code of Australia WSA03-2002.
- Complete Tapping Service operates in all Australian States and we can provide you with a service tailored to meet your needs.
